

Taft Center

Conference Rooms and Venues

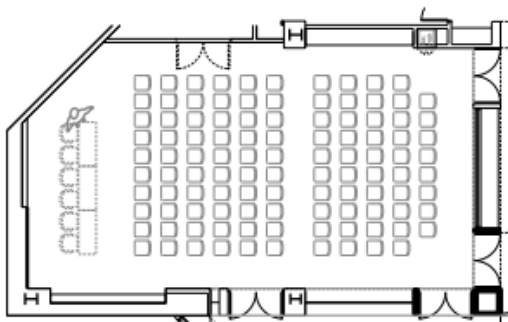

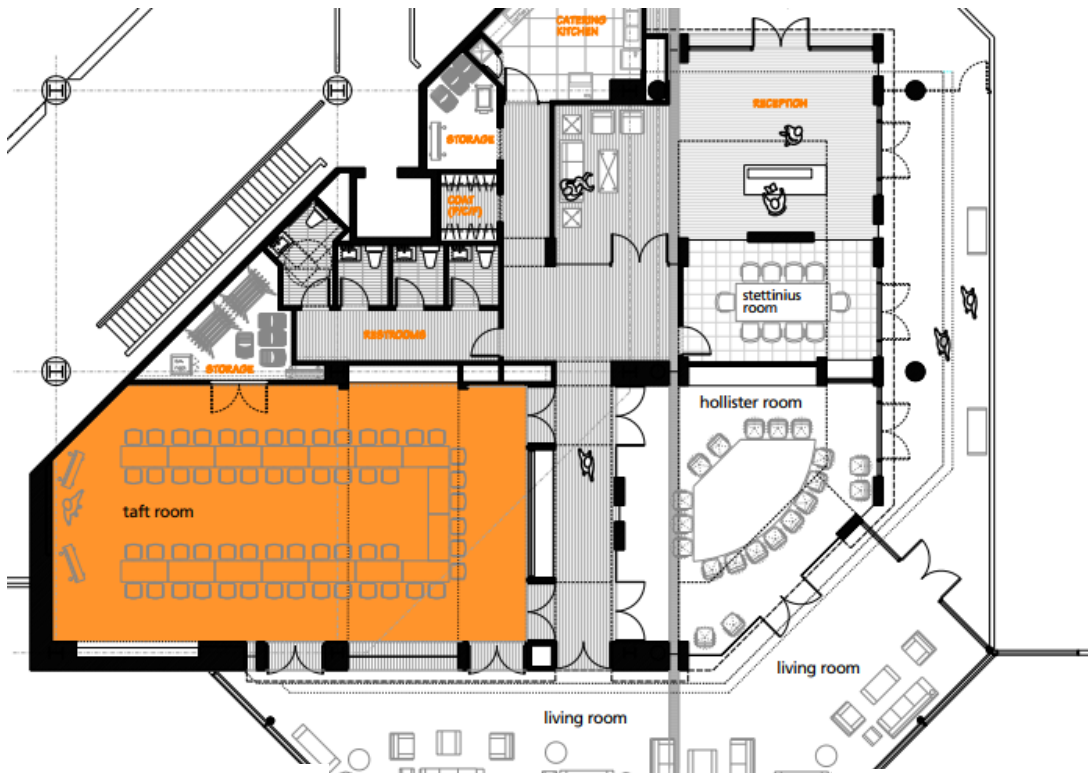

The Taft Center features three conference rooms plus a unique "living room" designed to host a variety of occasions—client and community board meetings, networking events, seminars, fundraisers, even banquet dinners. Larger gatherings of up to 250 guests may be accommodated by combining use of the conference rooms and Living Room area. Contemporary architecture lends sweeping overhead views of Fountain Square to each space.

All conference rooms feature state-of-the-art teleconferencing capabilities, Internet connectivity and privacy to suit the needs of any function. In addition, an on-site kitchen and catering service are available as needed.

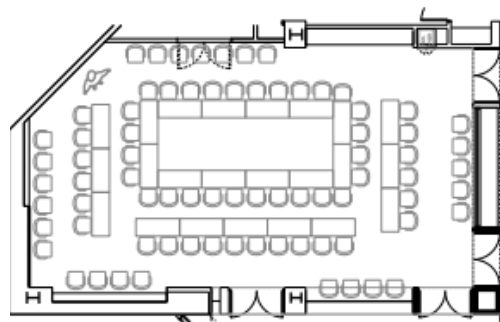

Taft Conference Room:

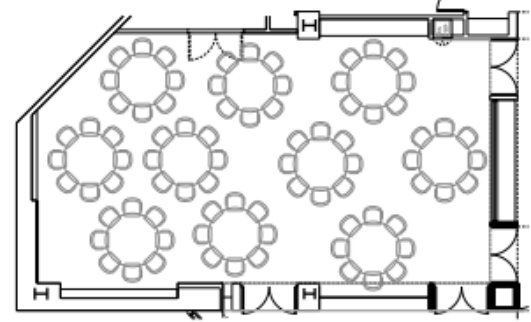

The largest multi-purpose conference room, ideal for seating up to 120 guests (theatre style) in a variety of events. The space can be configured to accommodate both banquet and mobile tables for breakfast, luncheon and dinner events.

The Taft Center Living Room

A one-of-a-kind space, perfect for small meetings and evening networking events. The room features plush sofas and chairs, creating an informal setting for socializing, working or simply taking in the view.
